Achmea invests € 92 million to limit the increase in healthcare premiums in 2025

Zeist, 13 november 2024 – Achmea is investing € 92 million to limit the increase in the basic healthcare premium for 2025. This measure contributes to the affordability of healthcare premiums for customers of Zilveren Kruis, De Friesland, Interpolis, FBTO, and De christelijke zorgverzekeraar. These brands announced their premiums for 2025 yesterday. The amount involved will be charged to Achmea's financial results for the 2024 fiscal year.

The healthcare premium will increase in 2025 due to rising healthcare costs, partly because people are using healthcare services more frequently and for longer periods, as well as due to inflation.

In line with its cooperative identity, Achmea seeks a responsible balance between an affordable healthcare premium for customers and a healthy financial position for the company.
